

Qi inverter

Qi INVERTER 10 Cod. OS-C/SEQIH10EI

Qi INVERTER 12 Cod. OS-C/SEQIH12EI

- Warmer air climate
- Average air climate
- Colder air climate

FEATURES

Two power models: 2.7 kW – 3.3 kW
Energy efficiency class in cooling: A+
Refrigerant gas R410A
Display LED backlit
Multifunction remote control
Timer 24h

74

SINGLE ROOM FIXED AIR CONDITIONER

FUNCTIONS

Fan only mode

Dehumidification only mode

Auto mode: modulates operation in relation to the ambient temperature.

Sleep mode: gradually increases the temperature set and ensures reduced noise for greater wellbeing at night

Turbo mode: activates maximum fan speed to Reach selected temperature in the shortest time.

PURE SYSTEM 2

A multi filtering system that combines an electrostatic filter (which prevents small particles such as smoke, dust, pollen and pet hair, helping to prevent allergic reactions) with an activated carbon filter (which eliminates bad odors and inactivates any gasses harmful to health.)

WARM SYSTEM

Heat pump air conditioner. Thanks to this feature you can replace traditional heating in intermediate seasons or support it.

INVERTER SYSTEM

Technology thanks to which compressor speed is constantly regulated in accordance with set temperature. Guarantees a energy saving of up to 30%* compared with traditional technology.

*Internal laboratory tests on traditional Olimpia Splendid range
