

FAN HEATERS

When heat becomes coloured

Original colours and distinctive design. For comfort that furnishes.

Warmth in Olimpia Splendid style

When we speak of electric heating, various aesthetic and functional factors come into play and influence our choice. Fan heaters are increasingly considered a furniture element to be positioned in the home bathroom or small office, as a way of introducing a splash of colour and design in line with latest fashion trends. In this market scenario, Olimpia Splendid has earned valuable recognition over the years through its distinct style.

Power and safety, even in the bathroom

In this product category, looks must never neglect other more functional, equally important elements. First and foremost, power: the Olimpia Splendid range meets all needs (from 1800 to 2400W), satisfying those who enjoy all-embracing heat, offering solutions equipped with ceramic heating elements. No compromising on the safety front either, as demonstrated by the self-extinguishing plastic materials used for the safety thermostat in all models. Moreover, Olimpia Splendid needle resistance fan heaters have an IP21 protection rating, making them safe against falling solid objects greater than 12 millimetres or falling drops of water.

Ceramic fan heaters

CALDODESIGN

Retro-style ceramic fan heaters

FEATURES

- Max thermal output: 1800 W
- Ceramic Resistance
- Room Thermostat
- Safety thermostat
- Fan only function
- Anti-frost function
- Power selection
- Tilt adjustment
- 2 LED indicator
- Mechanical control

CERAMIC TECHNOLOGY

Ceramic heating element modulates the emission of heat depending on the temperature, guaranteeing high levels of security.

COMPACT TECHNOLOGY

Small and compact, Caldodesign will blend smoothly into any context, thanks to its reduced dimensions.

TILT ADJUSTMENT

Thanks to the sturdy base, the tilt can easily be adjusted for heating in any position

CALDO VINTAGE

Ceramic fan heater with an original design for enveloping warmth

FEATURES

- Max thermal output: 2000W
- Ceramic Resistance
- Power settings: 1000/2000W
- IP 21 certification against water dripping
- Rotating base
- Fan only function
- Safety thermostat
- Environment thermostat
- Design retro

CERAMIC TECHNOLOGY

Uniform and constant heat distribution.

SAFETY SYSTEM

IP21 protection against dripping and anti-tip device.

3 MODES OF USE

Only fan - 2 power level.

ROTATING BASE

To direct the hot air flow.

		CALDO VINTAGE

CALDOSTILE M

Modern, compact and easy-to-use ceramic fan heater

FEATURES

- Max thermal output: 2000 W
- 2 power level (1200 - 2000 W)
- Ceramic Resistance
- Room Thermostat
- Safety thermostat
- Only fan function
- Anti-frost function
- Power selection
- Mechanical control

CERAMIC TECHNOLOGY

Ceramic heating element modulates the emission of heat depending on the temperature, guaranteeing high levels of security.

MECHANICAL CONTROL

Easy to use thanks to intuitive and simple mechanical controls.

ANTI-FROST FUNCTION

To set automatic ignition, when the temperature drops below 5°C

		CALDOSTILE M
PRODUCT CODE		99448
EAN CODE		8021183994483
Thermal power	W	1200 + 800
Power settings		ONLY FAN / 1200 / 2000
Dimensions (W x H x D)	mm	210 x 305 x 158

CALDOSTILE D

Ceramic fan heater that combines efficiency and technology

FEATURES

- Max thermal output: 2000 W
- Ceramic Resistance
- Timer
- Display touch LCD
- Room Thermostat
- Safety thermostat
- Only fan function
- 90° Oscillation
- Turnover protection switch
- Anti-frost function

SOFT TOUCH DISPLAY

Soft touch keyboard.

REMOTE CONTROL

To manage the main functions in total comfort, even by remote.

CERAMIC TECHNOLOGY

Ceramic heating element modulates the emission of heat depending on the temperature, guaranteeing high levels of security.

OSCILLATION

90° oscillation for amplified heat distribution.

CALDOSTILE DT

High-powered, technological and stylish ceramic fan heater

FEATURES

- Max thermal output: 2200 W
- Ceramic Resistance
- Timer
- Display touch LCD
- Room Thermostat
- Safety thermostat
- Only fan function
- Oscillation
- Turnover protection switch
- Anti-frost function
- Power setting
- Remote control

SOFT TOUCH DISPLAY

Soft touch keyboard.

REMOTE CONTROL

To manage the main functions in total comfort, even by remote.

SUPER POWER

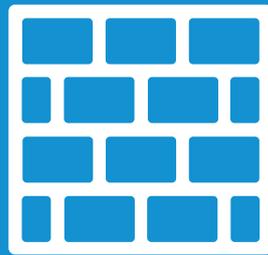

Up to 2200 W.

OSCILLATION

90° oscillation for amplified heat distribution.

**Wall-mounted
ceramic fan heaters**

CALDO UP T

Programmable wall-mounted ceramic fan heater

FEATURES

- Max thermal output: 2000 w
- Ceramic technology
- 3 settings: only fan/low/high
- Remote control
- LED Display
- 8h timer
- Anti-overheating protection
- Practical wall mount
- Automatic swing flap
- Light power indicator
- Weekly programming timer
- Window opening detector

LED DISPLAY

Advanced technology to facilitate use.

REMOTE CONTROL

To rapidly set all functions.

WEEKLY PROGRAMMING TIMER

Weekly timer setting with daily slots.

LARGE FLAP

To direct the hot air flow.

CALDO CRYSTAL

Innovative wall-mounted ceramic fan heater with ionizer

FEATURES

- Thermal power max 2000 W
- Ceramic heater
- Flap swing can be remote controlled
- 8h timer
- Weekly timer with 3 daytime periods.
- Eco/boost/comfort/fan only function
- Front touch panel
- Multi-function remote control
- IP23 protection rating against falling liquids up to 60 degrees from vertical
- Ionizer
- Anti-overheating device
- Temperature indication
- Anti-frost device

CERAMIC TECHNOLOGY

Ceramic heating element modulates the emission of heat depending on the temperature, guaranteeing high levels of security.

IONIZER

Neutralises polluting agents and keeps the air in the room clean and healthy

SAFETY SYSTEM

Anti-frost mode/ Anti-overheating detector.

MULTI-FUNCTION REMOTE CONTROL

To manage the main functions in total comfort, even by remote.
