

OLIMPIA
SPLENDID

AIR TREATMENT

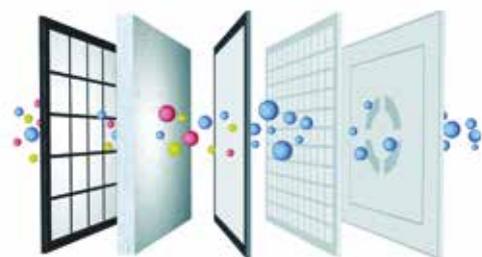

For a better indoor air quality.

A complete range dedicated to Indoor Air Quality

Humidifier, purifier and aroma diffuser

Good sleep, perfect concentration and a pleasant sensation of well-being are all tied to the comfort of the air we breathe. We can look after it by changing a few of our daily habits and making use of specific air treatment products. A market in which Olympia Splendid competes with a broad and diversified range of products.

Multifunctionality

Olimpia Splendid solutions for efficient air treatment go beyond their primary function, incorporating systems that make comfort a complete state of well-being. One example is the chromotherapy lamp, common to all Olympia Splendid humidifiers and aroma diffusers, or the integrated Astomi Sound bluetooth speaker that plays your favourite music.

Aroma diffusers

ASTOMI 80

“Personal” fragrance diffuser

FEATURES

- Tank capacity 80 ml
- Changing LED light for chromotherapy
- USB cable power supply unit
- 6 h continuous operation
- Automatic switch-off with empty tank

6H AUTONOMY

After 6h of continuous operation and when the tank is detected as being empty, it automatically switches off

COMPACT DESIGN

Extremely compact dimensions: 11cm in diameter and 12.9 cm in height

CHROMOTHERAPY

Diffuses a pleasant variable LED light, which also acts as a courtesy night light

SAFE AND ALWAYS WITH YOU

Thanks to its reduced and compact dimensions, it's safe and easy to bring with you everywhere

		ASTOMI 80
